The school management solution you've been waiting for

TUIO

Meet your new School Management System

TUIO is an all-in-one online school management solution that allows your school or childcare facility to automate administrative tasks, streamline enrollment and tuition payments, and digitize student records.

Our mission is to help you reduce the cost and time it takes to operate a childcare organization by:

- ✅ Seamlessly integrating admissions, payment, and student record systems.

- ✅ Automating simple administrative tasks.

- ✅ Allowing parents to manage payments and information digitally, themselves.

- ✅ Simplifying the overall enrollment experience for everyone.

Why Choose Us

TUIO combines ease of use, affordability and superior customer support. We provide an integrated online platform offering:

A user-friendly, intuitive interface

Our modern interface makes it simple for both staff and parents to easily navigate TUIO.

Premium customer service

We provide one-on-one, live support for staff, and even parents at no extra charge. Yes, that's real humans in real time!

Automate tasks and customize forms

TUIO makes it easy for you to automate tasks, create customized forms and store all your data in one secure place.

Added benefits

Automatically gain access to industry information, software news and updates, valuable tips to optimize your TUIO experience, and exciting promotional offers.
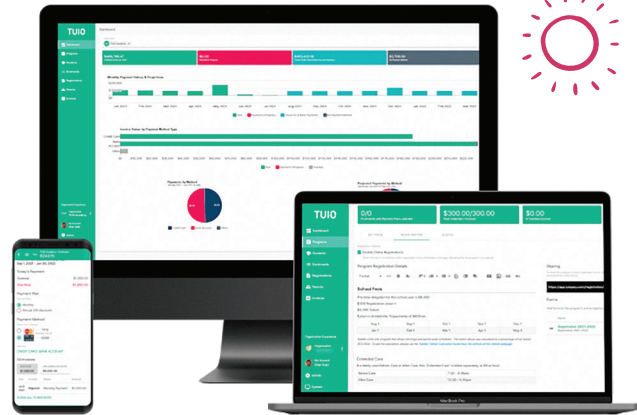

Commitment to innovation

We listen to your feedback and our experienced technical team is always working hard on improvements that advance your TUIO experience.

TUIO's Features

Our aim at TUIO is to increase efficiencies in administrative tasks to free up your time to engage with parents and students.

Our essential software features are designed to do just that.
